To Whom It May Concern,

I would like to express my opinion regarding the antitrust suit against Microsoft Corp.

I fully support Microsoft. There plenty of option for consumers to choose from and the choice they usually make is Microsoft. They do this because Microsoft makes the best products. They have created countless jobs and opportunity for millions of people and I shudder to think what might have been if the government had clipped the wings of Microsoft in it's early stages. Please leave Microsoft alone and let them continue to be a leader in their industry.

Thank you.
